Dear Professor Ibáñez

Thank you very much for providing us with your EQUIS Progress Report setting out the progress made towards improving the areas specified in the EQUIS Awarding Body letter.

The report has been read with interest by an EQUIS expert and I am enclosing his feedback, for your information.

In the light of this report, I confirm that EQUIS accreditation will be maintained for the School of Business at Pontificia Universidad Católica de Chile and we will be looking forward to receiving your second progress report next year.

If you would like to have any further advice, do not hesitate to get in touch.

Yours sincerely

Julio Urgel  
EQUIS & Quality Services Director
